Eli Lilly has launched an advertising blitz touting its "new" Sarafem (SAIR-uh-fem) as a treatment for PMDD. Physicians, however, haven't decided whether PMDD actually exists; and Sarafem is merely another name for a famous Eli Lilly product whose chemical name is fluoxetine (floo-OX-uh-teen). For 15 points each -- what does PMDD stand for and what is the name of that other drug?
