France has the legal right to annex Monaco if its throne should ever fall vacant. Because French laws governing royal succession do not permit women to occupy a throne, and because the Crown Prince of Monaco has never married, this has caused some concern in that principality. For 10 points apiece:

1. Name that now 45-year-old Crown Prince.

ANSWER: PRINCE ALBERT

2. In 2002, Monaco unilaterally changed its law of succession and defied French law by naming what eldest daughter of Prince Rainier (ray-NEER) as the next-in-line after Prince Albert?

ANSWER: PRINCESS CAROLINE

1950 was the breakthrough year for our understanding of comets. That was when a U.S. astronomer first published his now accepted "dirty snowball model" of cometary nuclei, and when a Dutch astronomer published his theory about a vast "cloud" of comets-in-waiting beyond the orbit of Pluto. For 15 points each -- name those two astronomers.

**ANSWER: FRED WHIPPLE
JAN OORT (YAHN ORT)**
